

We are sorry for your loss and understand that you may have a lot of questions and might be wondering what to do next. Just know that you are not alone. There are several different groups in the community that are here for you in your time of loss.

If you have not reached out to your insurance company, please do so. Depending on your home owner's policy it can cover the cost of the cleanup, and a night away to stay somewhere else- loss of use.
